# FORGING COMPETITIVE ADVANTAGE IN SPORT AND IN LIFE.

## ABOUT

A never seen before structure for student-athletes in Calgary. Global Sport Academy is happy to be introducing a centralized program for Hockey and Golf, that allows students to attend their designated (or school of choice) while being a part of the high-performance sport development, superior coaching and personal leadership program Global is known for.

Global programs are designed for students to pursue their passion for sport in an empowering program that is supported by academic and athletic leadership.

## PROGRAM & SCHEDULE

Our programming includes ice sessions, classroom sessions, multisport and strength & conditioning and is scheduled in a way to utilize before school timing and the lunch-hour in order to provide additional flex time for changing and travel. Global Sport Academy sessions will occur between 8:30 a.m. - 10:00 a.m. OR 10:45 a.m. - 12:15 p.m.

Student-athletes will be required to schedule their spare in Block 1 OR Block 2  
*(\*this is based on preference of those whom register and the number of registrations)*

*number of programming sessions your student-athletes receives per week*

	SEPTEMBER	OCTOBER - MARCH	APRIL - JUNE
CLASSROOM	2	2	2
MULTISPORT	3	1	1
ICE SESSIONS		2	
STRENGTH & CONDITIONING			2

## PROGRAM HIGHLIGHTS

- ✓ ~50 ice sessions per school year
- ✓ High-performing people and athletes with a passion for sport
- ✓ Global trained coaches with experience and background coaching high-level and high-performance athletes
- ✓ One Global block per day, 5 days per week
- ✓ Program includes multisport and strength & conditioning programming
- ✓ Students earn CTS credits towards their high school graduation requirements

# HOW IT ALL WORKS

## SCHOOL OF CHOICE

Gary is in Grade 12 and goes to school at School X. When he is creating his schedule, he selects a spare for Block 1

## SCHOOL OF CHOICE

George is in Grade 10 and goes to school at School ABC. When he is creating his schedule, he selects a spare for Block 1

## TRANSPORTATION

Gary has his own car, so he drives himself to Flames Community Arena.

George's school is within the transportation radius so he uses Global transportation to get to and from Flames Community Arena

## GLOBAL SPORT ACADEMY ICE SESSIONS

Gary and George participate in the same ice sessions, which are held at Flames Community Arena.

## GLOBAL SPORT ACADEMY CLASSROOM SESSIONS

Gary and George participate in the same classroom sessions, which are held at Flames Community Arena and/or online.

## GLOBAL SPORT ACADEMY MULTISPORT/S&C SESSIONS

Gary and George participate in the same off-ice sessions, which are held at Flames Community Arena, various recreational facilities or the X-Factory Athlete Wellness Centre

## CREDITS

Gary receives 3 credits for Becoming Player X course and receives 3 - 5 credits if designated school agrees to register student in independent PE and Global signs off on hours and outcomes

George receives 3 credits for CALM as well as the possibility to receive 3 - 5 credits if designated school agrees to register student in independent PE and Global signs off on hours and outcomes

# FAQ's

## ➤ Transportation

Transportation will be provided at an additional cost, ranging from \$500 - \$1,000 per athlete for the school year for those that require it and attend a school within a specific radius of our operating facilities. We will not be able to determine the final cost or logistics schedule until August 2022, once we know the final numbers for those interested registrants. We understand this is an important component of the decision, and know that schools within the radius will have the option of a transportation solution. Unfortunately, if you attend a school outside of a feasible radius, we will not be able to provide transportation and you will be responsible for your own means of transportation. Please speak with the Calgary HUB Area Manager to find out if your school is eligible for transportation.

## ➤ School Divisions

Global Sport Academy HUB (Calgary) is a program of choice that is not directly associated with any school division. If you are having issues with schools and setting up your timetable, please contact us directly and we will help with the communication with your designated school.

## ➤ Credits

We have an online platform that allows students to earn CTS credits towards their high school graduation requirements. Some schools will allow your student-athletes to enroll in online Phys Ed, which we are able to sign off on the hour requirements for this. The courses include:

- Grade 10 = CALM (3 credits)
- Grade 11 = Becoming Player X (3 credits; for 2022-23)
- Grade 12 = Becoming Player X (3 credits; for 2022-23)

Becoming Player X will be offered to both Grade 11 and 12's in the 2022 - 2023 school year with additional offerings coming for the following years. This course will include the following approved modules applicable to your high school transcripts (be sure your designate school does not enroll you in any courses that have these modules):

- Rec Nutrition 2010
- Rec Sports Psychology 1050
- Rec Project B 2910

## ➤ Pricing

The Global Sport Academy HUB (Calgary) program is \$5,000 + GST

## ➤ Scheduling

If your school schedule does not flip blocks, we have scheduling accommodations in place that ensures your student-athlete still receives their programming activities.
